# Introduction

Payroll management is at the heart of administrative personnel management. More than a technical process, payroll is a subject that is both complex and particularly sensitive.

**NEO-Payroll** allows automated editing of pay slips, automation of social declarations, reliable synchronization with accounting and generation of summary tables. - Import of scoring data :

# **Strengths**

Our experience has allowed us to deduce that good HR and payroll management is a sure value for the success of the company.

**NEO PAIE**, a module of the NEO ERP, is the ideal solution for properly managing payroll:

from entering employee data to publishing pay slips and social and tax declarations.

## Features Employee entry

-Entry of employee characteristics, salaries, bonuses, family situation, punching data, etc.
